

ULTRA THERMO

COLD TEST CHAMBER

The Design Brief

- Leading-edge technology
- Service-proven, maintenance-friendly
- Highest possible quality, reliability and durability
- Economical to run, environmentally friendly

STAND ALONE

Internal Volume

125Ltrs to 2000Ltrs

Performance

Temp Range : Ambient to -65°C
Control Accuracy : with in +/- 0.5°C
Gradient Accuracy : +/- 1°C
Ramp Rate : 2°C to 5°C / min between
Ambient & -40 °C

Danfoss

Standard Facilities

Access Port with silicone plug
5 Pane Viewing Window
Viewing Light
SS 304 Loading Tray
Drain for Condensate
Strip heaters for Door and Window
Emergency Stop
Door Interlock
Single Phase Preventer
RS232C interface with PC S/w
All possible alarms & interlock
Low and High Temperature cutoff

Optional

Touch Screen Controller

ULTRA THERMO SCIENTIFIC

New No. 19, Old No, 3A, Manimegalai Street, East Tambaram, Chennai 600 059

Phone : 9841025507 Email : ultrathermoscientific@gmail.com; thermo@yours.com

ULTRA THERMO

Advantages

The systems designed for 35degC Ambient. No Air Conditioning required for full performance.

Direct Sales and Service Support from the Manufacturers. The Equipment will be designed, manufactured and proved to your requirement. Full and immediate technical support will be available directly from the manufacturer.

Spares will be available off-the-shelf and the equipment can be brought back to working condition even at the worst breakdown scenario with in 3-5 working days.

Direct application oriented support from the factory.

Can be made to order. Can be custom made to meet all the specifications.

Factory will be directly involved in the installation and support of the supplied systems. .
